There are relaxed norms for opening of post offices in hilly, desert and inaccessible areas. Copy of the norm is at Annexure. *[See* Appendix 181, Annexure No. 641.

Mechanisation and Modernisation of Postal Services

2338. DR. B. B. DUTTA: Will the Mmister of COMMUNICATIONS be pleased to state:

(a) whether Government had ini tiated a plan for mechanisation and modernisation of postal services in !Iie country during the Eighth Five Year Plan.

(b) if so, the extent to which ac hievements have been made in this regard as on 31st March, 1997; and

(c) the schemes proposed to be taken up during the Ninth Plan period?

THE MINISTER OF COMMUNI-CATIONS (SHRI BENI PRASAD VARMA): (a) to (c) Modernisation of the postal system by induction of technology was one of the objectives of the 8th Five Year Plan of the Department of Posts. This objective has been achieved to a great extent through introduction of computer' based technology in different areas of activities with specific emphasis on counter services.

The programmes of modernising the postal services implemented during the 8th Five Year Plan were intended to provide:—

(a) More efficient and responsive counter services for the customer;

(b) New, value added services to meet the needs of indentified cus' ^wner groups; and

(c) Modem and clean work en-vironment with better ergonomics to raise employees morale and eliminate drudgery in work.

The specific programmes of mechanisation and modrenijsation opera-tionaUzed for this purpose during the 8 th Five Year Plan are:—

— Introduction of computer: based multi-purpose counter machines.

— Automatisation of mail processing m important large centres.

—Setting up of very small Aoer-ture Terminals (VSATs) network for speedy transmission of money orders and provision of other value added services.

— Use of computers for Sav ings Bank, Postal Life Insurance (PLI) and Speed Post operations.

—Modernisation of the counter services and the front office through upgradation of work environment and improved customer facilities.

— Providing upgraded opera tional equipments in more impor tant offices to speed up work pro cesses and eliminate drudgery of work.

The extent of achievements in these schemes for mechanisation and modernisatiom during the 8th Plan period upto 31-3-97 are indicated in the statement.

The Ninth Five Year Plan of the Department of Posts which is yet to be approved by the Planning Commission seeks to expand the scope and coverage of the programmes of mechanisation and modernisation initiated during the Eighth Plan period alons; with provision of basic postal facilities in areas were these are not available. Developmert and marketing of new services specially for the
